

(5) The loan will be restructured with regular payments at terms no shorter than 5 years for a line of credit and OL term note; and no shorter than 20 years for FO and CL, unless required to be shorter by paragraphs (c)(1)(i) through (iii) of this section.

(6) No further advances may be made on a line of credit that is written down.

(7) Loans may not be written down with interest assistance. If a borrower's loan presently on interest assistance requires a writedown, the writedown will be considered without interest assistance.

(8) The writedown is based on writing down the shorter-term loans first.

(9) When a lender requests approval of a writedown for a borrower with multiple loans, the security for all of the loans will be cross-collateralized and continue to serve as security for the loan that is written down. If a borrower has multiple loans and one loan is written off entirely through debt writedown, the security for that loan will not be released and will remain as security for the other written down debt. Additional security instruments will be taken if required to cross-collateralize security and maintain lien priority.

(10) The writedown will be evidenced by an allonge or amendment to the existing note or line of credit reflecting the writedown.

(11) The borrower executes an Agency shared appreciation agreement for loans which are written down and secured by real estate.

(i) The lender will attach the original agreement to the restructured loan document.

(ii) The lender will provide the Agency a copy of the executed agreement, and

(iii) Security instruments must ensure future collection of any appreciation under the agreement.

(12) The lender will prepare and submit the following to the Agency:

(i) A current appraisal of all security in accordance with § 762.127.

(ii) A completed report of loss on the appropriate Agency form for the proposed writedown loss claim.

(iii) Detailed writedown calculations as follows:

(A) Calculate the present value.

(B) Determine the net recovery value.

(C) If the net recovery value exceeds the present value, writedown is unavailable; liquidation becomes the next servicing consideration. If the present value equals or exceeds the net recovery value, the debt may be written down to the present value.

(iv) The lender will make any adjustment in the calculations as requested by the Agency.

§ 762.146 Other servicing procedures.

(a) *Additional loans and advances.* (1) Notwithstanding any provision of this section, the PLP lender may make additional loans or advances in accordance with the lender's agreement with the Agency.

(2) SEL and CLP lenders must not make additional loans or advances without prior written approval of the Agency, except as provided in the borrower's loan or line of credit agreement.

(3) In cases of a guaranteed line of credit, lenders may make an emergency advance when a line of credit has reached its ceiling. The emergency advance will be made as an advance under the line and not as a separate note. The lender's loan documents must contain sufficient language to provide that any emergency advance will constitute a debt of the borrower to the lender and be secured by the security instrument. The following conditions apply:

(i) The loan funds to be advanced are for authorized operating loan purposes;

(ii) The financial benefit to the lender and the Government from the advance will exceed the amount of the advance; and

(iii) The loss of crops or livestock is imminent unless the advance is made.

(4) Protective advance requirements are found in § 762.149.

(b) *Release of liability upon withdrawal.* An individual who is obligated on a guaranteed loan may be released from liability by a lender, with the

written consent of the Agency, provided the following conditions have been met:

(1) The individual to be released has withdrawn from the farming or ranching operation;

(2) A divorce decree or final property settlement does not hold the withdrawing party responsible for the loan payments;

(3) The withdrawing party's interest in the security is conveyed to the individual or entity with whom the loan will be continued;

(4) The ratio of the amount of debt to the value of the remaining security is less than or equal to .75, or the withdrawing party has no income or assets from which collection can be made; and

(5) Withdrawal of the individual does not result in legal dissolution of the entity to which the loans are made. Individually liable members of a general or limited partnership may not be released from liability.

(6) The remaining liable party projects a feasible plan (see § 762.102(b)).

(c) *Release of liability after liquidation.* After a final loss claim has been paid on the borrower's account, the lender may release the borrower or guarantor from liability if;

(1) The Agency agrees to the release in writing;

(2) The lender documents its consideration of the following factors concerning the borrower or guarantors:

(i) The likelihood that the borrower or guarantor will have a sufficient level of income in the reasonably near future to contribute to a meaningful reduction of the debt;

(ii) The prospect that the borrower or guarantor will inherit assets in the near term that may be attached by the Agency for payment of a significant portion of the debt;

(iii) Whether collateral has been properly accounted for, and whether liability should be retained in order to take action against the borrower or a third party for conversion of security;

(iv) The availability of other income or assets which are not security;

(v) The possibility that assets have been concealed or improperly transferred;

(vi) The effect of other guarantors on the loan; and

(vii) Cash consideration or other collateral in exchange for the release of liability.

(3) The lender will use its own release of liability documents.

(d) *Interest rate changes.* (1) The lender may change the interest rate on a performing (nondelinquent) loan only with the borrower's consent.

(2) If the loan has been sold on the secondary market, the lender must repurchase the loan or obtain the holder's written consent.

(3) To change a fixed rate of interest to a variable rate of interest or vice versa, the lender and the borrower must execute a legally effective allonge or amendment to the existing note.

(4) If a new note is taken, it will be attached to and refer to the original note.

(5) The lender will inform the Agency of the rate change.

(e) *Consolidation.* Two or more Agency guaranteed loans may be consolidated, subject to the following conditions:

(1) The borrower must project a feasible plan after the consolidation. See § 762.102(b) for definition of feasible plan.

(2) Only OL may be consolidated.

(3) Existing lines of credit may only be consolidated with a new line of credit if the final maturity date and conditions for advances of the new line of credit are made the same as the existing line of credit.

(4) Guaranteed OL may not be consolidated with a line of credit, even if the line of credit has been rescheduled.

(5) Guaranteed loans made prior to October 1, 1991, cannot be consolidated with those loans made on or after October 1, 1991.

(6) OL secured by real estate or with an outstanding interest assistance agreement or shared appreciation agreement cannot be consolidated.

(7) A new note or line of credit agreement will be taken. The new note or line of credit agreement must describe the note or line of credit agreement being consolidated and must state that the indebtedness evidenced by the note or line of credit agreement is not satisfied. The original note or line of credit agreement must be retained.

(8) The interest rate for a consolidated OL loan is the negotiated rate agreed upon by the lender and the borrower at the time of the action, subject to the loan limitations for each type of loan.

(9) The Agency approves the consolidation by executing a modification of guarantee. The modification will indicate the consolidated loan amount, new terms, and percentage of guarantee, and will be attached to the originals of the guarantees being consolidated. If loans with a different guarantee percentage are consolidated, the new guarantee will be at the lowest percentage of guarantee being consolidated.

(10) Any holders must consent to the consolidation, or the guaranteed portion must be repurchased by the lender.

§ 762.147 Servicing shared appreciation agreements.

(a) *Lender responsibilities.* The lender is responsible for:

(1) Monitoring the borrower's compliance with the shared appreciation agreement;

(2) Notifying the borrower of the amount of recapture due; and,

(3) Beginning October 1, 1999, a notice of the agreement's provisions not later than 12 months before the end of the agreement; and

(4) Reimbursing the Agency for its pro-rata share of recapture due.

(b) *Recapture.* (1) Recapture of any appreciation of real estate security will take place at the end of the term of the agreement, or sooner if the following occurs:

(i) On the conveyance of the real estate security (or a portion thereof) by the borrower.

(A) If only a portion of the real estate is conveyed, recapture will only be triggered against the portion conveyed. Partial releases will be handled in accordance with § 762.142(b).

(B) Transfer of title to the spouse of the borrower on the death of such borrower will not be treated as a conveyance under the agreement.

(ii) On repayment of the loan; or

(iii) If the borrower ceases farming.

(2) Calculating recapture.

(i) The amount of recapture will be based on the difference between the value of the security at the time recapture is triggered and the value of the security at the time of writedown, as shown on the shared appreciation agreement.

(ii) Security values will be determined through appraisals obtained by the lender and meeting the requirements of § 762.127.

(iii) All appraisal fees will be paid by the lender.

(iv) The amount of recapture will not exceed the amount of writedown shown on the shared appreciation agreement.

(v) If recapture is triggered within 4 years of the date of the shared appreciation agreement, the lender shall recapture 75 percent of any positive appreciation in the market value of the property securing the loan or line of credit agreement.

(vi) If recapture is triggered after 4 years from the date of the shared appreciation agreement, the lender shall recapture 50 percent of any positive appreciation in the market value of the property securing the loan or line of credit agreement.

(3) Servicing recapture debt.

(i) If recapture is triggered under the shared appreciation agreement and the borrower is unable to pay the recapture in a lump sum, the lender may:

(A) Reschedule the recapture debt with the consent of the Agency, provided the lender can document the borrower's ability to make amortized payments on the recapture debt, plus pay all other obligations. In such case, the recapture debt will not be covered by the guarantee;

(B) Pay the Agency its pro rata share of the recapture due. In such case, the recapture debt of the borrower will be covered by the guarantee; or

(C) Service the account in accordance with § 762.149.

(ii) If recapture is triggered, and the borrower is able but unwilling to pay the recapture in a lump sum, the lender will service the account in accordance with § 762.149.

(4) Paying the Agency. Any shared appreciation recaptured by the lender
